CONDOR PRICE HUB

Demo and Solution Overview

Bringing continuous innovation through proprietary software & business solutions to Over-the-Counter (“OTC”) online brokers and cryptocurrency market participants.

FDCTECH, INC.

200 SPECTRUM DRIVE, SUITE 300, IRVINE, CA, 92618

We Bring Continuous Innovation Through Proprietary Software & Business Solutions to Over-the-Counter Online Brokers and Cryptocurrency Market Participants.

THE TECHNOLOGY

The proprietary technology provides access to seamless liquidity in the FX marketplace.

Condor Price Hub

Condor Price Hub, new connectivity as a service platform that enhances market trading liquidity and execution.

THE COMPANY

Introduction:

FDCTech, formerly known as Forex Development Corporation, is a fully integrated financial technology company. FDC delivers trading platform, back-office, liquidity, dealing desk, and prime brokerage solutions to forex market participants seeking access to retail and institutional spot forex markets.

BACKGROUND ON CONDOR PRICE HUB

The Condor Price Hub platform supports different feeds through plugins, including PrimeXM, OneZero, Celera, GCEX, and other bank liquidity. Further, the technology has a single point historical data storage with advanced quote filtering, notifying subscribers about new quotes, performance analytics by connecting to API, supporting trading on over 10,000 trading instruments, and 24/7 technical support.

Condor Price Hub's proprietary pricing engine leverages market intelligence to dynamically create efficiencies in electronic pricing to the full spectrum of FX clients.

VALUE PROPOSITION

- 1 The Condor Price Hub can be used for a wide variety of tasks, such as eCommerce/wholesale trading solutions, from managing credit lines and tiering prices to straight-through-processing block trades. Further, the connectivity is compatible with popular legacy trading platforms and third-party trading infrastructure.
- 2 The Condor Price Hub is flexible and integrates seamlessly with dealing desk solutions. It reduces the time to market for connecting to a new trading venue from months to less than five (5) days, lowering operational costs and freeing up human resources for both makers so that they can concentrate on the core business.
- 3 This platform offers retail forex brokers, hedge funds, and emerging market banks ('takers') the opportunity to connect to institutional multi-asset market data and trade execution ('liquidity') access across multiple trading venues provided by liquidity providers, banks, and other hubs ('makers').

CONDOR PRICE HUB GIVES ACCESS TO -
MULTIPLE BANK AND NON-BANK MARKET MAKERS

MULTIPLE ELECTRONIC TRADING VENUES

LIQUIDITY HUB SOLUTION MAP

KEY CONDOR PRICE SOLUTION HIGHLIGHTS

The FIX adapters, price engine, execution, and clearing engines are at the heart of the technology offering.

The idea is to make more functionality available as soon as the client requirements increase.

Licensing model is volume-based with a \$/mo matrix that can be adjusted based on the client's daily volume.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

Some of the statements made in this document constitute forward-looking statements. These statements relate to future financial and other performance or anticipated plans and are identified by words such as “may,” “will,” “would,” “should,” “expect,” “could,” “scheduled,” “plan,” “intend,” “anticipate,” “believe,” “estimate,” “potential,” “propose” and “continue” or negative variants of such terms. You should read these statements carefully because they discuss our future expectations and plans. We believe that it is important to communicate these expectations and plans to you; however, these statements are only estimates of future performance. Actual performance or events may not meet such expectations or estimates and may differ materially. In evaluating these forward-looking statements, you should consider various factors and uncertainties, including the factors discussed under “Risk Factors,” and any cautionary or qualifying statements and disclaimers made along with such forward-looking statements. Such factors may cause our actual results or events to differ materially from those expressed in the forward-looking statements made in this document. Although we believe that the expectations reflected in the forward-looking statements made herein are reasonable, we cannot and do not guarantee future results, levels of activity, performance or achievements.

Moreover, we do not assume any responsibility for the accuracy and completeness of such forward-looking statements in the future. We do not plan and, subject to applicable law, undertake no obligation to update any of the forward-looking statements made herein after the date of this document in order to conform such statements to our actual results.
